Dear Sir

SAND AND SHINGLE REMOVAL : BIG SANDY BAY

As from 1 April 1987 the Department of Conservation became the administering authority for the Harbours Act 1950.

The former Department, Ministry of Transport has forwarded all relevant files to this District Office for the Coromandel District.

I note from your file 54/14/7/2 that on 9 January 1981 you wrote to the Ministry of Transport Foreshores Officer to apply for a licence to remove sand and shingle from Big Sandy Bay, estimating a quantity of approximately 80M<sup>2</sup> per annum.

Ministry of Transport replied enclosing licence application forms for your completion and return.

I have no record on your file of a licence being subsequently issued. To that end could you please advise me of the situation in order that the file is kept up to date.

Yours faithfully

Ted Atkinson

Dear Sir,

SAND AND SHINGLE ROYALTIES REVISION.

The Minister of Marine has approved, pursuant to Section 146A of the Harbours Act 1950, a revision and simplification of the above royalties.

As from 1st September, 1967, except as in paragraph 3, royalties payable for the removal of all materials from Crown foreshores or the beds of navigable rivers or the sea are to be standardised. The royalties are to be 20 cents per cubic yard, but for materials dredged from below Low Water mark of the sea they are to be 10 cents per cubic yard, in view of the special equipment - barges, tugs etc. required.

When it is apparent that the total quantity of material available for removal, as recommended by the Ministry of Works, cannot reasonably be allocated by licence to more than one Contractor, the Secretary for Marine or Superintendent of Mercantile Marine may, if he wishes, call for tenders in relation to the royalty to be charged, and accept the highest tender from a reputable Contractor.

All previous Ministerial notices are cancelled.

Yours faithfully,

for B.E. TURNER,  
District Officer.

Dear Sir

Re your letter received on the 12<sup>th</sup> inst. The reason that I have not sent in a monthly return is that I have not removed any shingle, during the period stated. My loader had a serious mechanical failure. Which stopped metal casting for considerable time. In view of the small amount involved, I request that the returns be made half yearly or quarterly.

Yours faithfully

Dear Sir

I have been advised  
by the County Engineer, to  
request permission from you  
to take shingle & sand off the  
Big Sandy Bay beach at Port Charles.  
Also to give an indication of the  
quantity required. This I would  
put at a maximum figure of 60 <sup>cu</sup>yds  
over a period of 12 months.

I may only need half of this amount  
it is, <sup>only a</sup> rough estimate.

It is intended for private use  
mostly concrete work.

For which it is very suitable.  
Hoping to hear from you at  
your earliest convenience

Yours faithfully

B.P. McLeod

P.S. I wish to add that the  
removal of the shingle will  
not cause erosion.
